KEY TO THE THEOMONISTIC SPIRIT ALPHABET AND SYMBOLS.

Drawings by Spirits Through Mediumship of Mrs. H. P. Holler.

Transcribed, Translated and Arranged by Prof. H. P. Holler.

Read Hosea 12:10: "I have multiplied visions and used symbols by the ministry of the prophets."

INTRODUCTION.

These alphabet and symbols have never been revealed before by spirits in the present completeness. In fact, the symbols themselves seem to be mostly specially created for the new theomonistic movement. A preliminary announcement about these writings was given by me in the Bulletin, of September, 1913, which is out of print. The following questions and answers will give further information:

My question: How do you write these?

Philippus, one of the seventy disciples (of Jesus), from the 30th sphere of heaven, then staying with us, answered: We do it in different ways, always bringing our minds in connection with that of the writer (i.e., the mortal who puts his hand upon the writing-device, my wife using the Wondergraph); we ally our thoughts with those of the writer. Then, again, we direct the writing immediately by our special mind force.

Question: May spirits below the first sphere of heaven understand this spirit writing and symbols as given by you, i.e., do they know the spirit alphabet?

Answer: We do not believe that they can.

Question: Is there no possibility that spirits from the netherworld may learn this writing and the symbols from us, as it is now written and will be published by us?

Answer: It is possible, but it will not be harmful if they do learn it.

Question: Are this spirit alphabet and these symbols being used by all spirits of all nations and times in heaven?

Answer: There may be other alphabets in use, but I do not know any other. A Word (command of God) is given and (with it) a writing in (these symbols or) letters. When other Words (special commands of God) are given, other writings (symbols) are given.

Question: Is this writing specifically Christian (i.e., has it been used and is it to be used specially by Christian angels)?

Answer: It is for all who do this (special Theomonistic) work.

Question: Is this writing specially for the new Theomonistic Movement?

Answer: Yes (emphatically, by writing the word very large).
